

The application period for the fall semester and full academic year 2021-2022 at FIB-UPC is already open.

We are confident that next academic year we will be able to start the way back to normality.

The FIB will offer exchange hoping that it can be face-to-face, although everything will depend on the situation. Likewise, many equipments have been adapted and this allows us to offer blended teaching in case of need.

Please, keep you updated about COVID-19 measures at UPC trough this link:

<https://www.upc.edu/en/covid-19-portal/covid19portal>

## IMPORTANT!

Incoming students are required to have at least an **intermediate level (B1) of the teaching language** for the chosen degree. Since we will ask the candidates to provide proof of their language knowledge, it would be very kind if you check about it before the nomination. The teaching languages for the different degrees are:

- Bachelor in Informatics Engineering (<https://www.fib.upc.edu/en/studies/bachelors-degrees/bachelor-degree-informatics-engineering/curriculum/syllabus>): **Spanish/Catalan** (\*)
- Master in Artificial Intelligence (<https://www.fib.upc.edu/en/studies/masters/master-artificial-intelligence/curriculum/syllabus>): **English**
- Master in Informatics Engineering (<https://www.fib.upc.edu/en/studies/masters/master-informatics-engineering/curriculum/syllabus>): **Spanish/Catalan**
- Master in Innovation and Research in Informatics (<https://www.fib.upc.edu/en/studies/masters/master-innovation-and-research-informatics/curriculum/syllabus>): **English**

(\*) A few of the courses of the Bachelor in Informatics Engineering are taught in English. But the offer in English is not so large and it cannot be guaranteed for the following academic period because it is part of a pilot project, which is being evaluated every semester. Thus, in terms of teaching language, the Bachelor in Informatics Engineering is considered a **Spanish/Catalan taught degree**.

**APPLICATION FALL SEMESTER/FULL ACADEMIC YEAR (Deadline: 1<sup>st</sup> of June)**

**APPLICATION SPRING SEMESTER (Deadline: 1<sup>st</sup> of December)**

Once you have registered your nominated students in our Mobility platform, an email will be sent to the applicants with you in copy, containing all necessary information about the application process and the required documents.

For more detailed information regarding the application process, and the language certificate required, please visit:

<https://www.fib.upc.edu/en/mobility/incoming/academic-stays>

Moreover would be accepted the English languages certificates contained in the following link:

<https://www.upc.edu/slt/ca/certifica/taulaB2>

List of the required documents:

- Language certificate
- List of current enrolled subjects
- Updated Transcript of records
- CV

**These documents must be uploaded in the application form and must be provided in English and in a pdf format.**

Once the application is closed by the students the coordinator of your institution (his/her e-mail is provided by the students in the application form) and the person who did the nomination will receive an e-mail in order to validate the information provided in the application form.

Once your students are finally accepted, they will be able to download the acceptance letter and the learning agreement through the mobility platform. Besides that, approximately 3 or 4 weeks after the end of their stay you will be able to download their transcript of records.

If you need some additional information/advising, please do not hesitate in contacting us again. Be aware that the only valid e-mail address for the **Barcelona School of Informatics (FIB-UPC)** in issues related to international relations (bilateral agreements, students exchanges, etc.) is [fib.rel.int@upc.edu](mailto:fib.rel.int@upc.edu)
